## **Evidence, Explanation, and Realism: Essays in Philosophy of Science**

Almost all of the basal models are designed basing in such a canvas, and advised into altered models with altered purposes. It was only when I went to Australia to visit my older brother Marcus, whom I had scarcely seen in thirty-five years, and discovered that he, too, had exactly the same difficulties recognizing faces and places, that it dawned on me that this was something beyond normal variation, that we both had a specific trait, a so-called prosopagnosia, probably with a distinctive genetic basis.
